## Queen's University – Bachelor of Commerce (Hons.)

Kingston, ON

Sep 2011 – Apr 2015

- Dean's List, cumulative GPA of 3.86/4.3, top 12% of class
- SAT score of 2370/2400 (approximately 99.94 percentile)

🎓 Completed academic exchange at ESADE Business School in Fall 2013

## FutureAdvisor – Management Consultant

San Francisco, CA Sep 2015 – Mar 2018

- Advised on new software systems that would allow FutureAdvisor to develop technology capable of supporting millions more Americans on its online platform who are looking for advice in saving for retirement

## Bill Mei Consulting – Technology Consultant

Toronto, ON

May 2013 – Aug 2015

- Developed an [AI written in JavaScript](#) that beats humans in battleship the majority of the time across 7,000 play sessions. Completed courses such as [Machine Learning](#) on Coursera to improve the AI
- Extended a JavaScript MVC framework for a Virginia-based charity by creating a custom router and a new user dashboard. This improved the UX by letting users visualize the impact of their donations over time
- Created mobile-responsive, standards-compliant HTML5 and JavaScript front-end interfaces from scratch for clients such as [Saxon Energy Services](#) (an oilfield services provider with 3,800 employees)

“ Bill has a great knowledge of the latest technologies...and will be a great asset.”  
– *Andy Ung, Founder of Grocery Match*

“ Bill's dedication allowed the team to meet a key deadline with a product that eclipsed the specifications.”  
– *Michael Blinn, President of Giv2Giv Inc.*

🏆 My projects have won awards from companies such as PayPal

## The Kingston Rocket – CEO and Co-Founder

Kingston, ON

Sep 2012 – Apr 2013

- Launched a low-cost bus company to service patrons travelling between Kingston and Toronto, primarily targeting students
- Fought a legal dispute against a competitor 100 times larger than us, then managed the PR resulting in positive support for us in national news media such as the Toronto Star, Global News, and AM640

💰 Greyhound estimated our annual revenue potential at \$1,184,000

😊 84.6% of riders were “Happy” or “Very Happy” with the service

📈 Each trip served 400 riders at our peak

## Market IQ Inc. – Quantitative Analyst

Toronto, ON

May 2012 – Aug 2012

- Developed a stock trading system based on natural language analysis of real-time news events to guide stock purchase decisions
- Designed and unit-tested machine learning algorithms, using data mining and kernel methods to accurately predict future stock direction despite a noisy input dataset

x<sup>2</sup> Formulated changes that increased classification accuracy by 12.7%

“ Bill was able to explain advanced mathematical concepts with clarity”  
– *Shah Warraich, Engineer at Market IQ*

## Atlas Symposium – President and Founder

Toronto, ON

Jun 2011 – May 2012

- Lead a team of 14 people to launch a niche business conference

📈 400+ delegates attending in fourth year

## Stone Canoe Inc. – Financial Analyst

Toronto, ON

May 2011 – Apr 2012

- Managed a corporate accounting system for a large Toronto-based advertising agency, and served as a primary point of contact for senior managers who wanted advice on budgeting decisions and bi-weekly financial projections
- Proposed a new account management strategy that helped the company transition from serving small customers with budgets less than \$10,000 to serving high profile corporate clients with budgets larger than \$100,000
